Recognition/Accreditation

All Bela Beauty College courses come with a Certificate of Completion and transcript of the units you have completed. These documents are valuable assets that you can proudly showcase to your clients in either your home-based or commercial salon, or during job interviews to demonstrate your skills and qualifications. Beauty Services in Australia can fall under one of two categories; 'regulated' or 'non regulated' services. This means certain services necessitate a Government Accredited qualification, while others can be pursued with a Privately Accredited qualification. Bela Beauty College distinguishes itself as a leading provider of Private Training online courses in the beauty industry. Our courses focus on non-regulated services, and our comprehensive video tutorials, tutor support systems, and high-quality course content set industry standards.
