Meet Jess

The Business-Obsessed Beauty Boss Behind Bela Beauty College

Multi 7 Figure Beauty Business Owner

Industry Leading Mentor & Trainer

20,000+ students globally

15+ years experience

I was born into the beauty industry, quite literally. Watching my mum run her own business from home ignited my passion early on. I saw firsthand the freedom and fulfilment she created through her work, and I knew that one day, I wanted to build something just as impactful.

Leaving school as soon as I could, I dove headfirst into the world of beauty. My journey started with a single salon and it wasn't before long I had expanded the business into multiple locations across the country? And my dream of one day having a successful 7 figure beauty business became my reality. The real turning point in my career however, came when I discovered my passion for teaching. I began by training aspiring lash artists in person, but I soon saw a much bigger opportunity and something deep inside me was awakened. My mission? to bring high-quality beauty education online and empower women worldwide to start and scale their own thriving beauty business.

When I launched my first online courses, the response was beyond anything I could've imagined. What started as a few tutorials quickly transformed into Bela Beauty College, an industry-leading education platform with over 20,000 students globally. Today, we offer a wide range of courses, from lashes and brows to hair extensions, waxing, and spray tanning - taught by top experts in their fields.

For me, this journey is about more than just teaching beauty techniques; it's about helping others build lives and businesses they truly love. The most rewarding part is hearing stories from students who have transformed their lives, gaining confidence and financial independence through the skills they've learned with us.

“I did a lot of research when looking into where I wanted to study. I chose Bela Beauty College not only due to the amazing feedback from their other students but also because of the flexibility that comes with each course. I loved the fact that I could do it all online from the the comfort of my own home while also getting all the support I needed. I was provided with tutors and answers to any questions I had but I could also schedule my own time slots throughout the day to study and pick up where I left off whenever I wanted. As a busy Mum, this was crucial for me be able to finish my work.”

@lashoutau

When I'm not leading my team or filming course content, I'm all about family. My world revolves around my loving partner, our two beautiful children, and our very spoiled Staffy. While I've always appreciated a bit of luxury, spontaneous trips overseas, designer splurges, becoming a mum shifted my priorities. These days, it's all about creating a life where I can be fully present with my family. Thats my true definition of luxury and one of the driving forces behind why I do what I do.

I'm also a bit of a wellness enthusiast. I love eating clean, working out, and sticking to my morning routine (even if it includes downing a not-so-tasty mix of powders prescribed by my naturopath!). But hey, I've always said, “Look good, feel good.”

THE STATS: GET TO KNOW YOUR BEAUTY EXPERT & MENTOR

When it comes to brows, lashes, extensions, spray tanning, and everything in between, I don't just talk the talk — I've got the receipts to back it up.

With over 15 years experience under my belt and over 20,000 students from across the globe, I've invested countless hours (and a whole lot of passion) into perfecting my craft and becoming a well known guru in all things beauty. Here's a peek at some of the highlights that make me your go-to beauty expert:

- Built a multi 7-figure education business with a global student base.
- Expanded Bela Beauty College to offer a comprehensive range of beauty courses
- Grew from working in a bedroom to leading a team of 30+ staff.

Whether you're just starting or looking to elevate your existing skills, my goal is to help you turn your passion into a profitable reality - without sacrificing the things that matter most.

LET'S BUILD YOUR DREAM BEAUTY BUSINESS TOGETHER!

MY JOURNEY TO SUCCESS

It wasn't always easy...

At 18, I entered the beauty world with no clear direction and no idea what I was doing. Starting from scratch, I made plenty of mistakes and faced setbacks, learning through trial and error.

Every challenge taught me invaluable lessons, sharpening my skills and fueling my passion. Those experiences shaped me into the educator I am today.

Now, as one of Australia's leading educators, I'm here to help you skip the guesswork, avoid the pitfalls, and fast-track your journey to success.

WHERE BELA BEAUTY STARTED

I initially started my business in a spare bedroom at my parents house! Then I upgraded to the garage (after doing a full fit out as you can see in the image) so I could start training courses and hiring staff.

Very humble beginnings - we all start at square one

WHERE BELA BEAUTY IS TODAY

Bela Beauty College has grown into so much more than a business. With an amazing team of tutors, and over 20,000 students trained worldwide, it's a brand built on passion and hard work. But getting here wasn't easy.

We've faced challenges that tested us, made mistakes, and experienced setbacks that could have made us quit. Instead, we learned from every experience, figured out what works, and found the right way to build a successful business from the ground up.

Now, we're here to share that knowledge with others. It's not just about teaching beauty—it's about helping future business owners achieve their dreams by passing on everything we've learned along the way.

Our journey proves that with determination, passion, and the right tools, success is within your reach.

COMMON DOUBTS ABOUT *Starting a Business*

I LACK THE CONFIDENCE

We've all been there! With over 15 years in the industry, I've experienced courses where educators fell short in providing the support and encouragement I needed. Those experiences inspired me to create the most empowering and supportive courses in the field.

My mission goes beyond teaching lash techniques—I aim to help women transform into the successful business owners they've always aspired to become!

I DON'T WANT TO WASTE MY MONEY

We provide a clear and transparent overview of the course curriculum, ensuring that every investment you make directly contributes to acquiring the essential skills needed to launch your own business.

Our graduates consistently find that the value of their new expertise far surpasses the initial cost. In fact, we've helped women with no prior beauty experience build six-figure businesses!

I DON'T HAVE THE TIME

We understand the challenges of a busy schedule, which is why our flexible online course lets you learn at your own pace with no time restraints. You can work at your own pace, at a time that suits you best.

I DON'T WANT TO FAIL

Failure is one of the greatest opportunities for growth. Yes, you heard that right—fail! Fail repeatedly and fail quickly. The faster you fail, the faster you learn, and the faster you learn, the quicker you'll succeed.

Some of my biggest business achievements came on the heels of my biggest mistakes and lessons. So, give yourself the permission to fail! Fear of failure will only hold you back from the success you're capable of achieving.

I DON'T KNOW HOW TO ADVERTISE

Don't worry—I've been through it as well. It may feel overwhelming, but it doesn't have to be!

In your bonus online Social Media Course, we'll guide you through each step, making it easy to highlight your work and attract the right clients. You'll move from thinking, "I don't know where to start," to feeling, "I can't believe how far I've come!"
